Northridge High School

Textbooks for Students in an ACP Class.

For the school year of 2011/2012, **any student** who is enrolled in an **ACP** class must purchase class books by their own methods. The **school will not purchase** the books or have a rental plan. Even if the student is not taking the class for college credit—an **IB or Honors** student—each student must locate and purchase the book and support materials individually before the start of school. In some classes, there will also be a school fee assessed for materials consumed by the students during the school year such as lab items.

This purchase plan is being implemented at the request of students and families that want to try to save money by perhaps finding a used text on line or from a student that previously took the class. This also allows the student to keep the text for future reference or to sell the book after the completion of the class. The information listed below is being provided to assist students in finding the correct materials. Students are encouraged to pay close attention to the ISBN and edition information. If the student has questions, please contact the teacher of the class or interim principal Mr. Rasler in the high school office. Students are encouraged to make their purchases early to avoid delays in delivery that might cause the student to begin the school year without a text or work/lab book.

Please reference that attached pages for information specific to each ACP course listing for acquiring text materials. The courses listed are the only classes that students are to purchase their own materials for this school year.

Possible sources for purchasing the materials include:

1. T.I.S.
1302 E. 3rd Street, Bloomington, IN 47401
1-812-332-3306 www.tisbookiu.com
2. Follett Used Books
1-800-621-4272 www.follett.com
3. Amazon.com
4. www.Borders.com
5. www.BarnesandNoble.com
